## ColorKit

Photoshop tool for color management. You can easily organize colors into projects and link them with a layer in a single click.

**Just perfect for every designer!**

ColorKit is a productivity tool for color management. You can easily collect colors into projects and link them with a layer in a single click. Forget about Photoshop's swatches and let the adventure begin!

### Organize into projects

Create your own collections of colors with just a few clicks. ColorKit is an easy way to keep your colors organized!

### Link layers with colors

You can connect colors with shapes or texts, you can change them all with one click. Believe me, you will love it!

### Speed up your workflow

No more time spent on saving, creating or replacing photoshop swatches. With ColorKit, everything is so much easier!
